~Steve Hession signed up for Utah PTA Convention today! He is excited to go and learn.

~We all talked about how great it was to have the Canyons Education Foundation fund all the special purchases the school asked for and they are being purchased. They have already received a couple of the small items.

~We also talked about wanting to leave a "Legacy" for the schools and PTA's future. This PTA does not function as a regular PTA, but we are able to find out what they need and help find funding. We would like to establish this as a tradition with the PTA for this school. Grow Membership; find business partnerships, Reflections, dinners for Parent Teacher conferences plus the Parent Information Night; Teacher Appreciation week; fund the special needs of this school, children and staff.

Meeting adjourned at 5 pm
